Overview

The Skills Employment Services team assists people with finding meaningful, gainful employment in their communities.

Services Offered

- Career assessments, job shadowing, and job readiness courses
- Assistance with the pre-employment phase such as resume building and interviewing skills
- Job searching, job finding, and job placement
- Direct training on the job via Skills' Employment Training Specialists
- Retraining and follow up as needed

Benefits Counseling

Worried that employment could affect your or your loved one's social assistance? We can connect you with a benefits counselor to help ensure that you remain financially stable when seeking and procuring employment.

"Skills Employment Services has been very helpful and supportive, and thanks to them I was able to receive the necessary tools in order to succeed in my work environment."

Joshua, Participant
